ORDER:

In the reference read above, the Engineer-in-Chief(Irrigation), Hyderabad has submitted proposals for necessary Permission for drawl of 105 KL/day (out of which 5 KL/day for drinking water needs and 100 KL/day for Industrial use) from Thundurru Branch Channel by M/s. Godavari Mega Aqua Food Park Private Limited, Sy.Nos.799, 804/A, 803/C, 803/1&2, Narsapuram Road, Tundurru(V), Bhimavaram(M), West Godavari District.

2. The Engineer-in-Chief(Irrigation) has also stated that the actual point of water drawl is from field bodhie of pipe No.52 as the drawl discharge is very less i.e. 0.0429 c/s., and water can be given, as an ayacut of 56 acres was converted for the food park on the same field bodhie. Thus, there is a savings of 0.75 c/s (at a duty of 70 Acres/cusec) on the same field bodhie and it will not affect the existing upstream utilization and Lower riparian rights and also that the existing drinking water sources will not be affected. He further informed that during Rabi and scarcity periods, the drawing of water is subject to availability and prior permission from the Engineer in Charge of the channel.

3. Government after careful examination of the proposal of Engineer-in-Chief(Irrigation), Hyderabad, hereby accord permission for drawal of 105 KL/Day i.e., 0.0429 cusecs of water (out of which 5 KL/day for drinking water needs and 100 KL/day for Industrial use) from the field bodhie of pipe No.52 of Thundurru branch channel by the firm M/s. Godavari Mega Aqua Food Park Private Limited, Tundurru(V), Bhimavaram(M), West Godavari District for a period of 10 years under consumptive use with usual terms and conditions subject to the concurrence of District Collector, West Godavari and clearance of Pollution Control Board and to make arrangements to store water during the canal closure period and in Rabi season.

4. The present rate of royalty charges is Rs.5.50 per 1000 gallons as the water is used for consumptive use. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time. The royalty charges on water shall be paid in advance every year.

P.T.O.,

5. The Engineer-in-Chief(Irrigation), Hyderabad shall take necessary action in the matter, accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

ADITYA NATH DAS,
PRINCIPAL SECRETARY TO GOVERNMENT.
